**Tentative Parcel Map TPM-26-0002 (Vega)**

The applicant is requesting approval of a Tentative Parcel Map to subdivide a 0.78-acre parcel, located in the community of West Linda into 3 parcels.

**Staff Discussion:**

Jacob Farmer presented this item. John Mallen attended the meeting on behalf of Vega.

- Draft condition of approval is from Public Works and will be condition #10. The conditions have been changed to allow the applicant more flexibility in where they place the easement, suggesting to use the abandoned Grand Avenue as an option, but not as a requirement.
- Garage on Parcel 1 must be removed, as it will not meet setbacks and is an unpermitted structure. Parcel 2 will need an existing shed removed. Parcel 3 is vacant.
- Conditions have been added due to proximity to the Union Pacific Railroad.
- CDSA staff comments have been incorporated into the conditions of approval.

Member Herbert Comment:

- West Linda Public Works project will result in the addition of sidewalks and curb/gutter on Arboga Road. This may affect project construction and may require utility construction to occur earlier. West Linda Project is not expected to start until 2027.
- Applicant will get in touch with Linda County to ensure the project will have minimal impact on the TPM.

Chair Strang Comment:

- Asked if the parcel meets minimum parcel sizes for residential medium. CDSA Assistant Director commented that the minimum size of a parcel for residential medium is 3,000-3,500 square feet, which complies with the size of Parcel 1.
- Chair Strang is concerned of the ability to have on-site parking with a parcel size of this size. Strang suggests making the driveway a fire lane and not allowing parking on the driveway to allow ingress/egress for emergency services.

In compliance with the Americans with Disabilities Act, the meeting room is wheelchair accessible and disabled parking is available. If you have a disability and need disability-related modifications or accommodations to participate in this meeting, please contact the Community Development and Services Agency at (530) 749-5430 or (530) 749-5434 (fax) and ask for the DRC Hearing Secretary. Requests must be made two full business days before the start of the meeting.

- Chair Strang would like to add a condition that the easement shall be a fire lane and no parking would be allowed on the easement. Applicant must obtain a clear, unobstructed 20/30 feet for vehicles.
- Asked if RD784 conditions were part of the conditions of approval. Farmer and Mallen clarified they were incorporated into the conditions of approval and the drainage impact fees were addressed.

Public Comment: Kevin Perkins commented

- Perkins commented to remind the committee to incorporate any modifications of the conditions of approval into the project motion.

**Motion:** Motion by Member Herbert to make a determination that the project is exempt from environmental review pursuant to California Environmental Quality Act (CEQA) Section 15315 (Minor Land Division) and approve Tentative Parcel Map TPM-26-0002 subject to making the necessary findings and the conditions of approval contained herein *and the modifications given*. The modifications include making the easement a fire lane for ingress/egress of emergency services, in which vehicles may not be parked.
