TRAFFIC CONTROL PLAN - CHECK LIST for ROAD CLOSURE

All traffic control plans shall meet the current applicable provisions of the **California Manual on Uniform Traffic Control Devices**. All plans submitted for review and comment, shall also contain the following information:

1. ___ Complete a Request for Road Closure form. **Road Closures shall be granted on a case by case basis and shall be subject to the County of Yuba conditions of acceptance.**
2. ___ Once accepted pay all applicable fees in full prior to the issuance of the special encroachment permit.
3. ___ Provide three copies of the proposed Traffic Control Plan(s).
4. ___ Indicate the proposed date of the work, and the beginning and ending times of work for each day.
5. ___ If this plan is for more than one day, indicate the total duration of the proposed work.
6. ___ Indicate a North arrow and all applicable street name or names on the plan.
7. ___ Indicate the proposed detour route(s) and all current weight restrictions for the route.
8. ___ Indicate each of the applicable signs, using the current standard codes (W20-1, G20-2, etc.).
 - a. ___ Road Work Ahead, Road Construction Ahead, End Road Work, End Construction, and / or other applicable signs. The signs shall be properly installed on 4x4 posts and shall remain in place for the duration.
 - b. ___ Detour signs shall be covered or removed when not applicable.
9. ___ Indicate the proposed location and spacing of each of the Advanced Warning signs, and how they relate to the existing posted speed, amount and type of daily traffic, and sight conditions for the roadway.

Do not use general tables, or notes, which may cover many different applicable conditions.
10. ___ Indicate the on center spacing of the delineators for each of the taper and construction areas.
11. ___ Indicate the type and locations of barricades to be used.
12. ___ Indicate the location of each flagger. Flaggers shall be properly equipped and trained in traffic control practices.
13. ___ Indicate the length of the taper to and from the work area.
14. ___ Indicate the length and width of the workspace. (The open through lane shall remain at a minimum of 10 feet in width.)
15. ___ **Emergency Response Agencies shall be provided with safe access through the work zone at all times.**
16. ___ Note: **ALL TRENCH COVER PLATES SHALL HAVE A NON-SKID SURFACE.**
17. ___ All traffic control signs, devices, and equipment shall be maintained for the duration of the work.
18. ___ All applicable permits and the Traffic Control Plan shall be available for review by the County of Yuba observer on site during all work.
19. ___ Notify the County of Yuba Public Works Department a minimum of two working days prior to implementation of the accepted Traffic Control Plan. **(530-749-5656)**
20. ___ Schedule a Pre-Construction meeting with all applicable agencies prior to the commencement of any work.
21. ___ The Applicant / Contractor shall be required to post signage (SC6-4) stating the duration including dates and times a minimum of one week prior to the closure.
22. ___ The Applicant / Contractor shall be required to provide and deliver a written Notice of Closure to all Emergency Response Agencies including but not limited to fire, law enforcement, and ambulance, also the School District and the Transit District a minimum of one week prior to the closure.
23. ___ The Applicant / Contractor shall be required to provide and deliver a written Notice of Closure to each affected resident a minimum of two working days prior to the closure. Local residents living within the closure zone shall be provided with safe access to and from their property at all times.
24. ___ Failure to notify Emergency Response Agencies and /or local Residents and /or failure to post required signage may result in the revocation of the Road Closure encroachment permit.
25. ___ **Within the County of Yuba there are several areas identified as environmentally sensitive, therefore it is the sole responsibility of the Developer / Builder / Contractor to identify and obtain all necessary permits to proceed with any and all construction activities.**

The accepted plans shall be valid only for the specific work, work area, time and duration. The contractor is required to maintain the construction project, in compliance with the County of Yuba Department of Public Works Improvement Standards (available on the County web site), and local, State, and Federal Public Safety Programs. Use of current applicable Construction Best Management and Work Practices shall be required.
