This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, visit includedhealth.com/calpers or call 1-855-633-4436. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$1,000 per individual / \$2,000 per family for Preferred Providers ; \$2,500 per individual / \$5,000 per family for Non-Preferred Providers .	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Prescription Drugs , Preventive care , Primary Care visit, and Specialist visit for Preferred Providers .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$3,000 per individual / \$6,000 per family for Preferred Providers ; None per individual / None per family for Non-Preferred Providers . This plan has a separate Out of Pocket Maximum for Prescription Drugs of \$2,000 per individual / \$4,000 per family / \$1,000 Home Delivery.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limit until the overall family out-of-pocket limit has been met. However, these expenses do count toward the maximum medical responsibility amount. The maximum medical responsibility (\$8,150 per Member and \$16,300 per family), in general, is accumulated by the Calendar Year Deductible, Coinsurance, and Copayments, for services provided by Preferred Providers.
What is not included in the out-of-pocket limit ?	Copayments for certain services, premiums , balance-billing charges, deductible and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See includedhealth.com/calpers or call 1-855-633-4436 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
